

Outdoor Orchids

(list from Jeff Tyler)

1. *Bletilla*
2. *Cattleya intermedia*
3. *Cattleya labiata*
4. *Cattleya loddigesii*
5. *Coelogyne Jannine Banks*
6. *Constantia cippensis* (I've only had this outside since about February but so far it's doing much better than it ever has!)
7. *Cuitlauzina pendula*
8. *Cymbidium* (hybrids of course but also some species: *maddidum*, *canaliculatum*, *dayanum*, *pumilum*, *erythrostylum* and there are likely other but these are ones I grow outdoors)
9. *Cynorkis angustipetala* & *gibbosa*
10. *Dendrobium cucumerinum*
11. *Dendrobium fairfaxii*
12. *Dendrobium falcorostrum*
13. *Dendrobium gracilicaule*
14. *Dendrobium hancockii*
15. *Dendrobium kingianum* and most of its hybrids
16. *Dendrobium linguiforme*
17. *Dendrobium moniliforme*
18. *Dendrobium nobile* and all the *nobile* type hybrids
19. *Dendrobium speciosum* and all its hybrids
20. *Dendrobium teretifolium*
21. *Encyclia lividum*
22. *Laelia anceps*
23. *Laelia jongheana*
24. *Laelia lobata*
25. *Laelia perrinii*
26. *Laelia purpurata*
27. *Laelia tenebrosa*
28. *Neofinetia falcata*
29. *Sarcochilus*
30. *Sedirea japonica* (I found this hard to keep hydrated well enough)
